

Special and Award Lectures

PL01	Plenary Lecture I	October 11 (Sat) 13:00-13:35	Room A : Open Hall, Engineering Build
The Japanese Photochemistry Association Lectureship Award (2014) Prof. H. Fukumura (Tohoku Univ.) “Fascinated by Time-resolved Measurements: From Phase Separation Dynamics of Binary Liquid Systems to X-ray Diffraction Spectroscopy”			
PL02	Plenary Lecture II	October 13 (Mon) 9:00-9:35	Room A : Open Hall, Engineering Build
The Japanese Photochemistry Association Lectureship Award (2014) Prof. H. Segawa (Univ. Tokyo) “Charge Transfer and Photo-energy Conversion”			
AL01	Award Lecture I	October 12 (Sun) 11:00-11:25	Room A : Open Hall, Engineering Build
Elsevier Award Prof. V. Ramamurthy (Univ. Miami) “Controlling Photoprocesses with Confinement”			
AL02	Award Lecture II	October 12 (Sun) 11:30-11:55	Room A : Open Hall, Engineering Build
Lectureship Award for Asian and Oceanian Photochemist Sponsored by Eikosha Prof. Wai-Yeung Wong (Hong Kong Baptist Univ.) “Photofunctional Metallopolynes and Metallophosphors: New Multifunctional Materials with Emerging Applications”			
AL03	Award Lecture III	October 12 (Sun) 14:45-15:20	Room A : Open Hall, Engineering Build
Honda-Fujishima Lectureship Award Prof. Thorsten Bach (Tech. Univ. München) “Chirality and Light: Enantioselective Catalysis of [2+2] Photocycloaddition Reactions”			
AL04	Award Lecture IV	October 12 (Sun) 15:25-15:50	Room A : Open Hall, Engineering Build
The 27th Japanese Photochemistry Association Award (2014) Prof. T. Asahi (Ehime Univ.) “Laser Photochemistry of Organic Nanoparticles”			
AL05	Award Lecture V	October 12 (Sun) 15:55-16:20	Room A : Open Hall, Engineering Build
The 27th Japanese Photochemistry Association Award (2014) Prof. Y. Hasegawa (Hokkaido Univ.) “Study on Characteristic Structures and Photo-functional Properties of Lanthanide Nanomaterials”			
	Award Lecture (3C04)	October 13 (Mon) 10:40-11:00	Room C : Room B31, Engineering Build
13th JPA Award for Young Photochemists G. Fukuhara (Osaka Univ.) “Studies on Entropy-controlled Supramolecular Photochirogenesis”			
	Award Lecture (3D08)	October 13 (Mon) 15:00-15:20	Room D : Room B32, Engineering Build
13th JPA Award for Young Photochemists K. Nakata (Tokyo Univ. Sci.) “Design of Photo-functional Materials and Application for Photo Energy Conversion”
